

Only students who are eligible for one of the Top-Ups have to submit this declaration. Please print, fill and sign the declaration and send it together with the supporting documents to international@th-luebeck.de before signing the Grant Agreement. The additional funding will automatically be taken into account when calculating your Erasmus+ grant.

Declaration of Honour for an Erasmus+ grant top-up

I (full name) _____, born on (dd.mm.yyyy) _____, hereby confirm that I will do an internship abroad at host institution (name) _____ in (country) _____ from _____ (dd/mm/jj) until _____ (dd/mm/jj) and that I am entitled to apply for the following top-up(s) in the Erasmus+ programme :

Please tick:	Top-Up	Top-up amount

Explanatory notes

Participants receive the top-up amount to the individual support of the EU Erasmus+ grant.

Participants eligible for a social top-up are also entitled to receive the top-up amount for internships and the top-up amount for Green Travel.

If a participant meets the criteria for more than one social top-up (e.g. first generation student and working student), only one social top-up can be granted.

Participants with a disability, a chronic illness or accompanying children can apply for a monthly top-up or a contribution based on real costs. The application for a contribution on real costs has to be submitted to the DAAD at least 3 months before the start of the mobility period.

1. Top-Up for Green Travel

Participants can opt for a green travel top-up when they will travel to their partner university using a sustainable mode of transportation. The DAAD classifies the **train, carpooling, the bus, cycling and walking** as sustainable transportation methods. Participants are asked to use green travel methods for at least 50% of the travel distance.

Eligible participants receive a single contribution of 50 EUR as a top-up amount to the Erasmus grant and up to 4 days of additional funding to cover travel days for a return trip, if relevant.

To receive the top-up:

- Save all tickets/ proof of travel for at least 5 years and submit a digital copy.

2. Social top-up for first generation students

Participants whose parents have not acquired an academic degree at a university or a university of applied sciences are eligible for this top-up. A degree from a university of cooperative education (*Berufsakademie*) leading to a qualification comparable to a university degree is to be treated as an academic degree. A master craftsman's diploma (*Meisterbrief*) is not to be equated with an academic degree in this context. University courses completed abroad that are not recognized as such in Germany (e.g. physiotherapy) are considered as an academic degree in this context. For participants with a single parent, this regulation only applies to the single parent.

Eligible participants will receive a top-up amount to the Erasmus+ grant with an amount of 250 EUR per month.

To receive the top-up:

- Submit a declaration signed by your parents that they have not acquired an academic degree.

3. Social top-up for working students

Participants who have been employed for at least 6 months before the start of their studies abroad and who are unable to continue their employment during their stay abroad are entitled to apply for this top-up. The monthly net income must be between 450 and 850 Euro (sum of all monthly incoming).

Students who are self-employed and/or studying in a dual/part-time programme are not eligible.

Eligible participants will receive a top-up amount to the Erasmus+ grant with an amount of 250 EUR per month.

To receive the top-up:

- Submit a proof of employment, e.g. employment contract, payslips, employer's certificate.

4. Social top-up for students with accompanying child(ren)

Participants who will be accompanied by their child/children can apply. This also applies to couples. However, double funding of a child is excluded.

Eligible participants will receive a top-up amount to the Erasmus+ grant with an amount of 250 EUR per month.

To receive the top-up:

- Submit a proof of parenthood (e.g. birth certificate, parental allowances) and travel documents for the child(ren)

5. Social Top-Up for students with a disability or a chronic illness that will cause extra costs

Participants with a min "degree of disability (GdB)" of 20 or a chronic illness that will cause extra costs while studying abroad can apply.

Eligible participants will receive a top-up amount to the Erasmus+ grant with an amount of 250 EUR per month.

To receive the top-up:

- Submit a proof of disability (*Behindertenausweis*) or a medical statement confirming that there is an additional financial need abroad due to the chronic illness
